Section 1 – Annual Governance Statement 202/21

Please see the attached Internal Audit Recommendation Resolutions chart, which has formed the basis of an action plan by which Beverley Town Council will positively address the issues raised by the Internal Auditor.

The document also serves as a detailed explanation regarding the parts of Section 1 Annual Governance Statement 2020-21 that have been agreed as “No”. It shows how the authority will address the identified weaknesses and it is the Town Council’s belief that the chart will provide you with the information you require.

Each row of the chart links directly to one or more of the Annual Governance Statement numbers and includes the following colour coding:

- Green = issues that have already been addressed/completed.
- Pink = issues that are partly resolved or completed.
- Orange = issues that are ongoing. Some of these are in the process of being resolved, whilst some are ongoing because they are matters that cannot be addressed in one move, but will be instead resolved over the course of the financial year.

Currently out of the 37 recommendations, 17 have been addressed/completed, 3 are partly completed and 17 are ongoing.
