To consider and formulate responses to matters raised in the Public Forum at the Full Council meeting of 27th March 2023.

A member of the public – queried whether the Council had followed quotation procedures and the timing of surveys and thanked Councillor Jack for his hard work for the community.

Resolved: To approve the following response given by the Town Clerk: Regarding the quotation procedure, Council refers the enquirer to the resolution of Council made on 23rd February 2023 as part of item 124/22 (Question 3).

Regarding the timing of surveys, upon a request from the member of the public on 1st March 2023, officers sent them electronic copies of the pre-purchase survey, along with the Report of Title from the solicitor and a Zip file containing 38 other legal documents that were part of the original auction pack on March 7th 2023.

All of these reports, surveys and documents were produced prior to the purchase of the property in question and not, as the member of the public was concerned, subsequent to it.

A member of the public – queried the timing of altering documents.

The Acting Town Clerk reported that this would be addressed later in the meeting (see 161/22 below).

Resolved: To approve the following response as given by the Town Clerk:

As considered and resolved later in the meeting at which the matter was raised in the Public Forum, the reason Standing Orders, Financial Regulations and the Scheme of Delegation were being reviewed, was to take into account the revised staffing structure that came into being on 1st April 2023, with a split in role between Town Clerk and Responsible Financial Officer.

The changes also reflect the retirement of the Grants Committee and Christmas Lights Committee, with their duties being incorporated into the Policy and Finance Committee and Planning Environment and Services Committee respectively.

These documents will then be reviewed by the new Council at its first Annual Town Council Meeting on 15th May 2023.

INTRODUCTION

This is version two of Model Standing Orders 2018 (England) updated on April 2022. Update to Model Standing Order 18 only.

How to use model standing orders

Standing orders are the written rules of a local council. Standing orders are essential to regulate the proceedings of a meeting. A council may also use standing orders to confirm or refer to various internal organisational and administrative arrangements. The standing orders of a council are not the same as the policies of a council but standing orders may refer to them.

Local councils operate within a wide statutory framework. NALC model standing orders incorporate and reference many statutory requirements to which councils are subject. It is not possible for the model standing orders to contain or reference all the statutory or legal requirements which apply to local councils. For example, it is not practical for model standing orders to document all obligations under data protection legislation. The statutory requirements to which a council is subject apply whether or not they are incorporated in a council's standing orders.

The model standing orders do not include model financial regulations. Financial regulations are standing orders to regulate and control the financial affairs and accounting procedures of a local council. The financial regulations, as opposed to the standing orders of a council, include most of the requirements relevant to the council's Responsible Financial Officer. Model financial regulations are available to councils in membership of NALC.

Drafting notes

Model standing orders that are in bold type contain legal and statutory requirements. It is recommended that councils adopt them without changing them or their meaning. Model standing orders not in bold are designed to help councils operate effectively but they do not contain statutory requirements so they may be adopted as drafted or amended to suit a council's needs. It is NALC's view that all model standing orders will generally be suitable for councils.

For convenience, the word "councillor" is used in model standing orders and, unless the context suggests otherwise, includes a non-councillor with or without voting rights.

A model standing order that includes brackets like this '()' requires information to be inserted by a council. A model standing order that includes brackets like this '[]' and the term 'OR' provides alternative options for a council to choose from when determining standing orders.

1. RULES OF DEBATE AT MEETINGS

- a Motions on the agenda shall be considered in the order that they appear unless the order is changed at the discretion of the chair of the meeting.
- b A motion (including an amendment) shall not be progressed unless it has been moved and seconded.

- If an amendment to the original motion is carried, the original motion (as amended) becomes the substantive motion upon which further amendment(s) may be moved.
- g An amendment shall not be considered unless early verbal notice of it is given at the meeting and, if requested by the chair of the meeting, is expressed in writing to the chair.
- h A councillor may move an amendment to his/her/their own motion if agreed by the meeting. If a motion has already been seconded, the amendment shall be with the consent of the seconder and the meeting.
